

Looking for a job? Check out these help wanteds!

HELP WANTED

We won't be starting up for a few weeks yet, but have a couple of important needs to fill:

Sales Counter (Part Time) - we need a person to cover our sales counter on one to three days a week (at least in part depending on how much time the candidate would like): ringing up payments, of course, but also related responsibilities including advising and directing customers and also watering and caring for plants in areas adjacent to our store. Position could possibly be combined with office bookkeeping work (below).

Office Assistant (Part Time) - Ideal schedule would be 3:30/4:00-5:30/6:00 M-F, but some flexibility possible, including some weekend hours instead of coming all 5 weekdays. Record-keeping with regard to store sales, landscape time recording and billing, bill paying, reports to payroll service, etc. Opportunity to earn some "extra" money while still retaining most of each day and all of each evening for other activities.

Reliability a must for both positions. Quickbooks experience not absolutely required, but a definite "plus" for office position. Pay competitive, commensurate with contribution.

Please call or come by for an application

Director of Special Services

The Wiscasset School Department is seeking a Director of Special Services to be a part of a dynamic administrative team. The Department is searching for a collaborative Director who has strengths in instructional leadership, effective time management skills, superior interpersonal skills and the ability to advocate for students and families.

The ideal candidate will have some previous experience in administration and will be eligible for a 035 and/or 030 endorsement from the Maine DOE, with CRHC approval.

Professional responsibilities will include the management of a \$2.23 million local budget, Local Entitlement funds, 504 plans district-wide; and, student IEPs. In addition, the Director will supervise special educators, service providers and educational technicians.

The anticipated start date is July 1, 2018. This position reports to the Superintendent of Schools. Salary and benefits are commensurate with professional experience and negotiated with the Wiscasset School Committee.

Please send completed application (found at www.wiscassetsschools.org) and resume with a letter of interest, three letters of professional reference, copy of ME DOE professional certifications, and official transcripts by May 5, 2018 to: Dr. Heather Wilmot, Superintendent of Schools, Wiscasset School Department, 225 Gardiner Road, Wiscasset, ME 04578.

SEASONAL POSITIONS
